## Modern Slavery Policy

This statement applies to Metamorph Strategy Limited (the Company) in respect of the financial year ending 30 April 2023.

Metamorph Strategy limited is a professional services firm providing Strategy, Management and Operations consulting to businesses and non-profits.

While Metamorph Strategy Limited, as a professional services consulting firm, is not part of an industry typically associated with prevalent instances of modern slavery, we remain thoroughly committed to identifying, monitoring, and mitigating any potential risks within our supply chain.

As a small consulting firm, we have a limited number of suppliers. Those we do have are globally recognised technology firms whom we purchase software applications from. These organisations have required modern slavery policies in place.

Smaller suppliers (SMEs) that we work with are requested to report on what steps they are taking regarding identifying the risk of modern slavery within their own supply chain which will allow the Company to better assess potential risks of modern slavery in its supply chain.

The Company's Modern Slavery Policy has been developed by our two Directors, and is made available to all associates or contractors that we employ in our work, along with details of how to identify and report any concerns or suspicions regarding the presence of modern slavery they identify within our supply chain.

This statement is made pursuant to section 54(1) of the Modern Slavery Act 2015 and has been approved by the Directors of the Company.

Signed on behalf of Metamorph Strategy:

Alistair Bance  
Director | Metamorph Strategy Limited
